Conditions of the award. The Fields Medal is often described as the "Nobel Prize of Mathematics" and for a long time has been regarded as the most prestigious award in the field of mathematics. Unlike the Nobel Prize, the Fields Medal is only awarded every four years. The Fields Medal also has an age limit: a recipient must be under age 40 on 1 January of the year in which the medal is awarded.

At some point of time, some people noticed that by getting rid of the t^* part altogether and just applying logical operators on shifted time values one could get percussion patterns as well as some harmonies. Even a formula as simple as $t \gg 8$, an aural corollary of "munching squares", has interesting harmonic properties. Some small features can be made loud by adding a constant to the output.
