Preface The proper assessment of our nation's more than 5 million English Language Learners (ELLs) merits attention at all levels in our education systems.

### **Guidelines for the Assessment of English Language Learners**

Languages are a fundamental aspect of people's lives and the democratic functioning of society. In response to the needs identified in or by its member states, the Council of Europe has been working over the past few decades to compile a set of resources made available to education authorities and professionals and benefiting all Europe's citizens (see milestones).

What? The use of target language refers to all that learners say, read, hear, write, and view production and reception of language on the part of learners, educators, and materials. ACTFL recommends that learning take place through the target language for 90% or more of classroom time except in immersion program models where the target language is used exclusively.

Psychological testing is the administration of psychological tests, which are designed to be "an objective and standardized measure of a sample of behavior". The term sample of behavior refers to an individual's

performance on tasks that have usually been prescribed beforehand. The samples of behavior that make up a paper-and-pencil test, the most common type of test, are a series of items.

### **Common Core State Standards for English Language Arts**

An English language learner (often capitalized as English Language Learner or abbreviated to ELL) is a person who is learning the English language in addition to his or her native language. The instruction and assessment of students, their cultural background, and the attitudes of classroom teachers towards ELLs have all been found to be factors in ELL student achievement.
