English Profile Introducing the CEFR for English This booklet is aimed at ELT professionals, including curriculum planners, materials writers and teachers. It will help you make decisions about which English language points are suitable for learning, teaching or assessing at

Introducing the CEFR for English

Language acquisition is the process by which humans acquire the capacity to perceive and comprehend language, as well as to produce and use words and sentences to communicate. Language acquisition is one of the quintessential human traits, because non-humans do not communicate by using language. Language acquisition usually refers to first-language acquisition, which studies infants ...

Aims. The aim of this module is to introduce language teachers to the use of concordances and concordance programs in the Modern Foreign Languages classroom.

English Module 2.4: Concordance programs

Natural Language Processing, or NLP for short, is broadly defined as the automatic manipulation of natural language, like speech and text, by software. The study of natural language processing has been around for more than 50 years and grew out of the field of linguistics with the rise of computers ...

What Is Natural Language Processing?

This video comes from a great series by Lev Yilmaz titled Tales of Mere Existence. The activity uses a technique called L2 – L1 – L2 translation. That means that students translate the target language (in this case English) into their mother tongue (L1) and then back into English (L2).
