Lifelong learning is the "ongoing, voluntary, and self-motivated" pursuit of knowledge for either personal or professional reasons. Therefore, it not only enhances social inclusion, active citizenship, and personal development, but also self-sustainability, as well as competitiveness and employability. Evolved from the term "life-long learners", created by Leslie Watkins and used by Professor ...

Learning disability or a learning disorder is a condition in the brain that causes difficulty and struggle to comprehend or process information and can be caused by several different factors. Given the "difficulty learning in a typical manner", this does not exclude the ability to learn in a different manner. Therefore, some people can be more accurately described as having a "learning ...
