The Satisfaction with Life Index was created by Adrian G. White, an analytic social psychologist at the University of Leicester, using data from a metastudy. It is an attempt to show life satisfaction in different nations.. In this calculation, subjective well being correlates most strongly with health (.7), wealth (.6), and access to basic education (.6).

Leisure has often been defined as a quality of experience or as free time. Free time is time spent away from business, work, job hunting, domestic chores, and education, as well as necessary activities such as eating and sleeping. Situationist International proposes that leisure does not evolve from free time, and free-time is an illusory concept that is rarely fully "free"; economic and ...
