list of social networking pdf

A social networking service (also social networking site, or SNS or social media) is an online platform which people use to build social networks or social relations with other people who share similar personal or career interests, activities, backgrounds or real-life connections.. The social networks are distributed across various computer networks. The social networks are inherently computer ...

Social networking service - Wikipedia

History. Before social networking sites exploded over the past decade, there were earlier forms of social network technologies that included: online multiplayer games, blog and forum sites, newsgroups, mailings lists and dating services.

Privacy concerns with social networking services - Wikipedia

However, it's important to recognise that while these are fun and offer great possibilities for children, there are potential risks including cyberbullying, contact by adults with a sexual interest in children and the misuse of personal information. Social networking sites, alongside sites which enable users to put

YOUNG PEOPLE AND SOCIAL NETWORKING SITES

Int. J. Environ. Res. Public Health 2011, 8 3530 and Facebook currently has more than 500 million users, of whom fifty percent log on to it every day.
