Managing Value In Organisations | Download eBook PDF/EPUB

Management has been defined as the process of getting things done through and with people. It is the planning and directing of effort and the organizing and employing of resources (both human and material) to accomplish some predetermined objective. Within the overall concept of management, the function of administration can be identified.

Today's Concept of Organizational Management

ing clients design, implement, and maintain superior strategies for long-term value creation. The practice works in close cooperation with BCG's industry experts and employs a variety of state-of-the-art methodologies in portfolio management, value management, mergers and acquisitions, and postmerger integration.
