Anarchist economics is the set of theories and practices of economic activity within the political philosophy of anarchism. With the exception of anarcho-capitalists who accept private ownership of the means of production, anarchists are anti-capitalists. They argue that its characteristic institutions promote and reproduce various forms of economic activity which they consider oppressive ...

Different communities of gun policy experts have sharply divided views on many gun policies. But are there policies for which these differences are less stark, and might such findings reveal combinations of policies that experts of every stripe could agree on? RAND researchers surveyed nearly 100 gun policy experts to try to answer these questions.
