A comprehensive survey of family-centered pediatric nursing care . Child Health Nursing: Partnering with Children & Families promotes excellence in nursing care for infants, children, and adolescentsâ€”in hospitals and in the community. It focuses on the importance of partnering with families to adapt care plans for children based on their age, health status, and social and cultural influences.

Deaths in the first month of life, which are mostly preventable, represent 46 per cent of total deaths among children under five. As mortality among children under five declines globally, deaths among these children are more and more concentrated in the first days of life. This makes focus on newborn care more critical than ever before. In 2016, an estimated 2.6 million children died in their ...

Child care, or otherwise known as daycare, is the care and supervision of a child or multiple children at a time, whose age ranges from six weeks to thirteen years. Child care is the action or skill of looking after children by a day-care center, nannies, babysitter, teachers or other providers. Child care is a broad topic that covers a wide spectrum of professionals, institutions, contexts ...
