understanding clinical medicine. We would also like to mention that the new curriculum for Health Officer students includes systemic pathology. We also call up on all those concerned to write a book on systemic pathology for health science students. General pathology is necessary but not sufficient for understanding clinical medicine.

For Health Science Students

Multiple choice questions in pharmacology by K.D.Tripathi Because of their reliability and objective nature the Multiple Choice Questions (MCQs) are widely used in entrance tests, competitive examinations and at some places in certifying examinations.

Multiple choice questions in pharmacology by K.D.Tripathi

Multiple-Choice Questions in Medical Physiology, 2014 What is an osmole? An osmole (effective osmole) is an osmotically active particle; i.e., capable of causing osmosis. Examples include sodium ion, chloride ion, protein anions, and phosphate ion. A solute to which the cell membrane is relatively impermeable will function as an effective osmole.
