The information below provides an overview of DeVry University's undergraduate admissions requirements for earning a degree both online and on campus.

College Admissions: Undergraduate Admission Requirements

The first to stress the importance of reproducibility in science was the Irish chemist Robert Boyle, in England in the 17th century. Boyle's air pump was designed to generate and study vacuum, which at the time was a very controversial concept. Indeed, distinguished philosophers such as René Descartes and Thomas Hobbes denied the very possibility of vacuum existence.
